Does your member state have a disclosure obligation for origin of							
supplied/comsumed energy?		Yes					Yes/No
							Please specify (categories like: regulated suppliers,
- If yes, To which economic operators does it apply?		Energy suppliers					corporate consumers, all,)
		Law on Renewable Energy,				seimas.lrs.lt/portal/legalAct/lt/T	Please name the relevant regulations and provide a
- If yes, Under what rules it is governed?		art. 11, p. 16				AD/TAIS.398874/asr Date when the Regulation came	reference (preferably a version in English)
When did the regulation(s) regarding disclosure initially come into						into force; not sure if the	
force?						provision regarding disclosure	Please name the date in which the regulation(s) inititally
		2011-05-12				was included	came into force. Date format: YYYY-MM-DD
When was the last revision of the disclosure regulation(s)		the Regulation was on 1					Please name the date of the last revision of the dislosure
who is the Competent Body in observe for the averagining of		January 2024					regulation(s)
who is the Competent Body in charge for the supervision of disclosure?		National regulatory authority (NRA)					Please specify name
- Since when are they in charge of supervision of disclosure?		authority (NKA)					Please specify name
- Since when are they in charge of supervision of disclosure?		n 2					Please specify date
- Under which legal nomination (law/decree/decision) are they		11.a.					rieuse specify unie
appointed as competent body?		n.a.					Provide reference to legal nomination
Are GOs the only instrument for disclosing known origin in disclosure		Thu.					ronac rejerence to regar nonmation
statements to final customers?		Yes					Yes/No
- If no, please specify the other instruments		_					Please specify
Which measures are in place for supervision of suppliers regarding							rease specify
their disclosure of the origin of the gas of their supply?		Reporting obligation					Gas only, please describe
							Yes/No.
							Disclosure supervisor for electricity: the authority
							supervising the obligation on suppliers to inform their
Do suppliers submit samples of their invoices to the disclosure							clients about their supplier mix and product mix according to Electricity Directive 2019/944, Annex I, Article 5
supervisor?		Not sure, see comment					Disclosure of energy sources.
- If yes, how often?		-					Please specify frequency
Is there a public report on the result of the disclosure supervision?		Not sure, see comment					Yes/No
- If yes, where can it be found?		-					Please specify
If a supplier is active in multiple Member States: does the supplier							
mix in your country/region account for this?		Not sure				The question is unclear	Yes/No
- If yes: how does this influence the supplier mix in your							
country/region?		-					Please specify
	d-dirb 2022/2442						
mplementation of Article 19 (8) of the Directive 2018/2001 and amen	aea with 2023/2413						T
Have you fully implemented the requirements of Art. 19 (8) of							
Directive 2018/2001(EU) amended with 2023/2413(EU)		Not sure, see comment					Yes/No
- If not, please specify which elements you have not implemented							Blagge specify
yet.							Please specify
Unit of energy represented by a GO							
Is the unit of a GO MWh?		Yes					Yes/No
Do you use smaller units than MWh for GOs?		No					Yes/No
Is the standard size for smaller size GOs equal to 1 Wh?		No					Yes/No
- If no: please specify		MWh					please specify
Do you differentiate the different units in the disclosure statements?							
Please explain your methodology		No					Yes/No, please specify
- If no: please specify		MWh					please specify

ustomer specific disclosure				
Can a supplier tailor a dedicated product to a specific consumer?	Not sure, see comment			Yes/No.
Can a consumer cancel their own GOs?	No.			Yes/No.
Can other parties than licensed suppliers cancel GOs?	No			Yes/No.
Please describe the principles in case any of the above three				resyrio.
questions apply, meaning that <i>customer specific disclosure</i> is				
allowed.	-			Please describe
Please describe how the customer specific disclosure is executed				Please describe the process; do customers have direct
in the registry?	n.a.			access to the registry, do you allow product mixes, etc?
- If yes: Is the Competent Body for disclosure responsible for				
supervising customer specific statements?	Not applicable			Yes/No
 If yes: are there any limitations for customer specific disclosure in place? Please specify 	-			please specify, e.g.: only customers of a certain size receiv customer specific disclosure options, etc.
When offered energy products include claims on the origin of the				
energy, are they always exclusively based on cancelled GOs?	Not sure, see comment			Yes/No, please specify
- If no: please specify				please specify: when are deviations possible, what are
	n.a.			claims based on otherwise.
When suppliers are offering two or more products, distinct in origin of				
energy: are they required to give product-related disclosure				Yes/No.
information to all their customers, including for the "default" product				Note that under Electricity Directive 2019/944, Annex I,
for those customers who do not choose a specific product?				Article 5, each electricity product must have a product mix Default product: the product a customer gets if they don't
				make an explicit choice of supplier and product, in case it i
				different from other commercial products.
	Not applicable

Do you issue your GOs under the European Energy Certificate System (EECS) of AIB?	Not yet			Yes/No
Do you allow for ex-domain cancellations, which means cancelling a GO in your registry for the usage in another registry?	Yes			Yes/No
- If yes, please describe under which conditions?	is for a certain registry and			please describe
- If yes, are ex-domain cancellations reported to the AIB for statistical purposes?	No			Yes/No
How do you ensure that GOs, cancelled for another domain, are not also claimed for consumption in your own domain?	another domain cannot be used further			please describe

roduction of full disclosure and purposes of the GO							
Have you implemented a full disclosure system in your country?		No					Yes/No
- If yes, since when?		-					Date
Do GOs have a function in terms of target compliance and are used as support instrument?		Yes				For transport sector	Yes/ No (in case all GOs are linked to disclosure)
Is a GO the only "tracking certificate" used?		Yes					Yes/No
- If no: Are any other tracking systems of a similar purpose and function as GO closely coordinated with GO?		No					
 If no: please name the other organisations active in the market (voluntary schemes/non governmental bodies/private initiatives), their role and the task they perform. 		-					Please specify
Besides GO, is there only the Residual Mix available for usage for disclosure?		Not sure, see comment					Yes/No (No meaning there are other tracking mechanisms accepted)
- If no, please specify		-					Please specify
Are GOs issued for self-consumed energy?		No					Yes/No
- If yes: what are the rules on disclosure for such GOs?		-					Please specify

Recognition of GOs from other countries				
Do you have criteria in place for accepting foreign GO for disclosure?				
	Yes			Yes/No
- If yes: Since when are these criteria in place?	-			Please specify
- If yes: Are the criteria transparently published in your country?	rules for the issue, transfer and cancelation of			Please specify and indicate where those are published. If electronically please provide a link.
Are the conditions for the recognition of GOs from other countries based on Art. 19 of Directive 2018/2001/EC and 2023/2413/EC or compatible national legislation?	Yes			Yes/No
Do you recognise GOs from other countries that have not implemented a disclosure system?	Not sure, see comment			Yes/No
Do you recognise GOs from other countries that have not implemented appropriate measures to effectively avoid double counting of GOs?	No			Yes/No
Do you accept imported GOs for disclosure from all EU member states and other members of the European Economic Area (EEA)?	Not sure, see comment			Yes/No
- If no, please name the countries from which you do not accept imported GOs for disclosure	-			Please specify
- If yes, please specify the reasoning for accepting	Currently we accept only from one member state			Please specify
Do you accept imported GOs from parties to the Energy Community Treaty?	Not sure, see comment			Yes/No
- If yes, please name the countries from which you do import	-			Please specify

16			
- If yes, please specify the reasoning for accepting			Please specify
Do you accept for disclosure imported GOs from other countries than EU and EEA?	No		Yes/No. This question is merely oriented towards countr from EU and EEA, but others are welcome to fill in
- If yes, since when?	NC .		
- If yes, please name the countries from which you accept imported GOs for disclosure	-		Please specify
- If yes, please specify the reasoning for accepting	-		Please specify
Does the Domain treat imported GO as national GO when it comes to	-		Please specify Yes/No
disclosure?	Yes		
- If no, please specify	_		Please specify
Does the customer get information on the country of origin of the GOs in the disclosure statement?	Yes		Yes, please specify where and how/No

offormation on Environmental Parameters			Ver/No Nets the lead on the set of the
Does the supplier mix include information on environmental impacts?	Not applicable		Yes/No. Note the legal requirement for such information for electricity : Electricity Directive 2019/944, Annex I, Article 5(b)
Please indicate the data source for disclosing environmental information with the supplier mix?	n.a.		Please describe how it is done in the Domain
Is there information on the guarantee of origin issued in your domain			
about meeting sustainability criteria and emission savings?	Yes		
- If yes, in segments where compliance with sustainability and			
emission saving criteria is required (e.g. transport or heating), do			
you require that the supply (consumption) in this segment is			
confirmed by a GO?	-		
- If not, how is such consumption demonstrated and how is it			
reflected in the residual mix?	-		
How do you treat sustainability information in disclosure statements?	GOs		please describe
oformation on Disclosure communication			
Is the annual disclosure of the supplier mix displayed on the energy			
bill?	Not sure, see comment		Yes/No
- If no, please specify where it is displayed.	-		Please describe
Is disclosure information of different suppliers centrally available (e.g. reports) ?			Pls. Provide short explanation plus reference to website/regulation.
If not, how is such consumption demonstrated and how is it reflected in the residual mix?			
Is there an official regulation on communication of aspects related to			
additionality or ecological quality aspects together with disclosure? Please describe.	No		Pls. Provide short explanation plus reference to website/regulation.
