

AIB reappoints Liesbeth Switten BV as Secretary General amidst accelerating growth

Brussels, Feb 02, 2025 – As the Association of Issuing Bodies (AIB) reaches new milestones in energy certification, we are pleased to announce the **reappointment of Liesbeth Switten BV as Secretary General for another four years.**

AIB has seen record-breaking growth in 2024, surpassing 1,000 TWh of issued electricity EECS Guarantees of Origin (GOs) for the first time, alongside a +12% increase in international transfers. As the energy sector evolves, strong leadership remains crucial to maintaining credibility, innovation, and collaboration.

AIB's Board expressed their confidence in Liesbeth's continued leadership:

"We are delighted to continue working with Liesbeth Switten BV as Secretary General. She brings the expertise and vision needed to drive AIB forward and ensure our Association remains at the forefront of energy tracking in Europe. A sincere thank you also goes to the tender team for their dedication and integrity throughout this process."

Reflecting on her tenure and the road ahead, Liesbeth Switten remarked:

"Over the past four years, we've reshaped AIB, expanded our membership by a third, and set the stage for future growth.

Moving forward, I am looking forward to building on our progress, focusing on strengthening the instrument of the guarantee of origin and enhancing member relations. I want to make sure AIB remains a forward-thinking, resilient leader in the European energy sector."

As AIB continues to expand its impact across Europe, Liesbeth's leadership will be key in guiding the Association through the next phase of its evolution, fostering trust, innovation, and collaboration to advance a more transparent and efficient energy market.
